03/29/2004	117	MEMORANDUM and ORDER denying [54-1] motion to Dismiss amended complaint for lack of jurisdiction, denying [36-1] motion to Abstain, denying [36-2] motion to Dismiss case. The opponents' motions to dismiss and/or remand for lack of subject matter jurisdiction are denied. Based on the facts presented and the analysis conducted, the Court concludes that the abstention is not required in the five cases discussed within this memorandum. The Court will exercise original federal jurisdiction in these cases based on the MMTJA, 28 U.S.C. section 1369. It is the intention of the Court to consolidate all the Station fire cases filed in, removed, or transferred to this Court for discovery purposes so that discovery can proceed in an orderly and coordinated fashion. To that end, discovery will remain stayed until September 1, 2004, in order to allow all potential plaintiffs an opportunity to bring suit and participate in discovery from the outset.
